

Bright Horizons Hiring: Child Care Director

At Bright Horizons, every day brings something new! The **WVU Medicine Child Development Center** in Morgantown, West Virginia is currently interviewing for a child care director. This state-of-the-art center is located on the campus of WVU Medicine overlooking Mountaineer Field at Milan Puskar Stadium. With the capacity of 198 children, this center has a large administrative team and features outdoor playgrounds and an indoor Movement Matters zone.

As a center director at Bright Horizons, you will:

- Grow your team by hiring, training, supervising and inspiring a team of passionate, committed teachers
- Collaborate with families to support and share the educational needs of their children
- Nurture your career aspirations and personal growth through ongoing training and support
- Inspire each child's potential through our innovative curriculum, inclusive environment and strong family partnerships
- Play an integral role in continuing the Bright Horizons commitment to quality
- Enjoy the support of a corporate team dedicated to help you manage the daily operations of the center

Qualifications:

- Bachelor's degree in Early Childhood Education or related field required
- Minimum of 2-4 years of documented experience in early childhood education
- Prior leadership experience and/or proven leadership/team skills
- Demonstrated history of positive parent partnerships.
- Exhibit excellence in both written and oral communication skills
- Attention to detail, a spirit of teamwork, professionalism, and demonstrated experience with financial management
- Ability to articulate extensive knowledge in and the capacity to lead faculty in implementation of a developmentally appropriate curriculum and NAEYC.
